

Secret Lake Carp Fishing Adventure Booking Form

Cost £700 per week per person – 2006 – 1 week left

Head & Shoulders Above The Rest

Our guides take you deep into the heart of the Spanish countryside for a week in hiding.

This trip is not for the faint hearted & will appeal to the pioneer angler, as total cut off from the outside world will be achieved. We will be totally self-sufficient for a week that will pose many fishing challenges & create atmospheres of anticipation & pure delight. Our secret lakes vary from 250 - 5000 acres in size whose underwater features house numerous 40 & 50 & 60 lb carp.

Due to popular demand we have only 1 week available in August 2006, as a result we are now receiving bookings for spring 2007.
